SITUATION SUMMARY

SPILL: 15-2785, Refugio Beach, Goleta, Santa Barbara County

- On 05/19/15 at 1243 hours the California State Warning Center received a report from the Santa Barbara County Fire Department indicating that a ¼ mile sheen was observed off of Refugio State Beach, near Goleta, Santa Barbara County.
- On 05/19/15 at 1510 hours the NRC reported that Plains All American Pipeline advised that crude oil was discovered to be coming out of a transmission pipeline at a Culvert under Highway 1. Contractors responded to scene and the action line was shut in.
- The California State Warning Center conducted all appropriate notifications, including but not limited to local government agencies.
- The source of the spill was capped at approximately 1500 hours on 05/19/15, but a significant amount of oil reached the ocean at Goleta.

Activations

- None.
- The Incident Command Post (ICP) was moved to the County EOC facility on 05/20/15 at 0600 hours. The EOC will not be activated.

Resources / Deployments

- Unified Command:
 - Federal on Scene Coordinator: US Coast Guard (USCG) & the Environmental Protection Agency (EPA).
 - State on Scene Coordinator: CA State Parks & CA Fish and Wildlife (CDFW).
- Cal OES Personnel at scene:
 - A Cal OES Fire Assistant Chief, Cal OES Southern Region Emergency Services Coordinator (ESC), Cal OES Southern Region Ports and Harbors ESC, and a Cal OES Public Information Officer are at scene.
 - Cal OES Southern Regional Administrator, Cal OES Southern Deputy Regional Administrator are enroute with a 1000 ETA.
 - A second Cal OES PIO is enroute to scene.
 - The Cal OES Southern Duty Officer (SDO) continues to monitor the situation and support the deployed staff.
- State Agencies at scene:
 - Department of Fish and Wildlife and OSPR Field Response Teams are at scene.
 - A CDFW-OSPR Public Information Officer has been activated, and responded to function within the Unified Command. All additional incident information will be disseminated by the on scene Unified Command and/or CDFW-OSPR's Operation Support Center.

SITUATION SUMMARY

SPILL: 15-2785, Refugio Beach, Goleta, Santa Barbara County

Evacuations

- The Refugio Beach campground has been evacuated at the recommendation of the county Health Officer, and State Parks has offered other vacant state campgrounds nearby for those evacuated.

Road Closures

- None reported.
- Highway 1 and associated rail lines have been inspected and cleared for normal operations.

Operations

- Per Cal OES Southern Region personnel:
 - Approximately 4 miles of Refugio Beach was impacted by the spill.
 - 20 barrels of oil were retrieved from the ocean and 100 barrels of oil were picked up at the spill site.
 - The US Coast Guard is providing security on the water.
 - Clean Seas conducted an overflight at 0630 hours.
 - Three 65 foot vessels are cleaning oil off of the ocean and 6 vessels are corralling oil in the water.
 - Pacific Petroleum is in the process of repairing the ruptured pipeline. ETA to be determined.
 - On shore Patriot Services has 73 personnel conducting protective works for the following sensitive sites (in order of priority):
 - 1. Bell Canyon
 - 2. Tecolote
 - 3. Gaviota
- Initial estimate of cleanup time is 3 days.

Environmental Impacts

- OSPR has ordered a ban on fishing and the taking of shell fish in the spill area. Report is attached.
- Local Animal Rescue and environmental groups such as Clean Seas and the Environmental Defense Center are mobilizing to assist impacted wildlife.

SITUATION SUMMARY

4.0 Earthquake, Dos Palos, Merced County

- On 05/19/15 at 1136 hours, a verified 4.0 earthquake (EQ) occurred 25 miles Southwest of Dos Palos, Merced County.
- The California State Warning Center contacted the County Warning Point (WP) who advised there were no reports of damages or injuries.
- Per the Department of Water Resources (DWR) there was no impact to any DWR infrastructure.

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought
- The City of Porterville, Tulare County proclaimed a Local Emergency due to Drought, requesting that the Governor and California Department of Water Resources make available California Disaster Assistance Act funding and seek all available Federal assistance, to include a Presidential Declaration of Emergency and Individual Assistance and Public Assistance programs as applicable.

Proclamations

- Marin County submitted a 2014 December Winter Storm Proclamation Continuance.

Weather of Concern

- There are no significant Watches or Warnings in effect.

Active Weather Warnings, Watches and Advisories by County: http://www.wrh.noaa.gov/sto/brief/www_bc_cal.php

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

Eureka Weather:

A series of weak upper lows will bring scattered showers and isolated thunderstorms to mainly the interior each afternoon through Friday, while cool and cloudy conditions will persist along the redwood coast. Shower coverage is expected to decrease over the weekend.

Medford Weather:

Wednesday is a bit different as the low to the west will become the dominant player. Southerly flow aloft will develop and this will allow some monsoonal moisture to filter into the area. A weak deformation area will set up over eastern Oregon, so the best conditions for showers and thunderstorms look to be east of the cascades, although activity will not be limited to those areas. Stability indices indicate that Siskiyou County will also see unstable conditions. On Thursday, the low will drift a bit east, and flow aloft will become more southeasterly, at least initially. The deformation zone over the east side will be a bit stronger. This could be the biggest day for thunderstorm activity. It mainly depends on when the onshore push gets going, as this will suppress activity on the west side. Flow aloft will be generally weak, so some areas may get a good dump of rain. Only the immediate coast will be spared. By Friday, the low will be over Nevada and flow aloft will become northerly. An onshore marine push on the west side will put an end to shower activity there, and the main axis of stability will shift to the east side with the best chance of thunderstorms over Modoc County.

Reno Weather:

A cloudy and cool weather pattern will remain over California and Nevada through the end of the work week, bringing rounds of showers and thunderstorms, mainly in the afternoons and evenings. There is a chance of this pattern continuing through the Memorial Day weekend, but confidence is low at this time.

San Francisco Weather:

Cooler than normal weather will continue along with a slight chance for showers through the rest of the work week. Slight warming can be expected over the weekend into next week as a ridge starts to build into our area.

WEATHER

WEATHER SYNOPSIS BY REGION:

CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY:

Sacramento Weather:

Variable clouds with mainly mountain showers and afternoon thunderstorms through the end of the week as the west coast remain under the influence of a low pressure system. Daytime highs forecast to remain near normal. Mainly Sierra showers next week as another low drops southward out of the Pacific Northwest. Daytime temperatures warming back above normal.

Hanford Weather:

A trough of low pressure will remain over the west coast through much of the week and linger into the weekend. A weather disturbance will move into southern California today and tonight with another to follow on Friday. This will keep a daily threat of showers and thunderstorms over the southern Sierra with the threat extending to the entire area on Thursday. Weak high pressure will move over the region this weekend with a warming and drying trend taking place.

SOUTHERN CALIFORNIA:

Los Angeles Weather:

The onshore flow will bring low clouds and patchy fog for tonight. Then a low will arrive on Thursday for below normal temperatures and a slight chance of thunderstorms and showers for Los Angeles and Ventura into Friday. The Memorial Day weekend will have a high system that should bring fair skies and around normal temperatures.

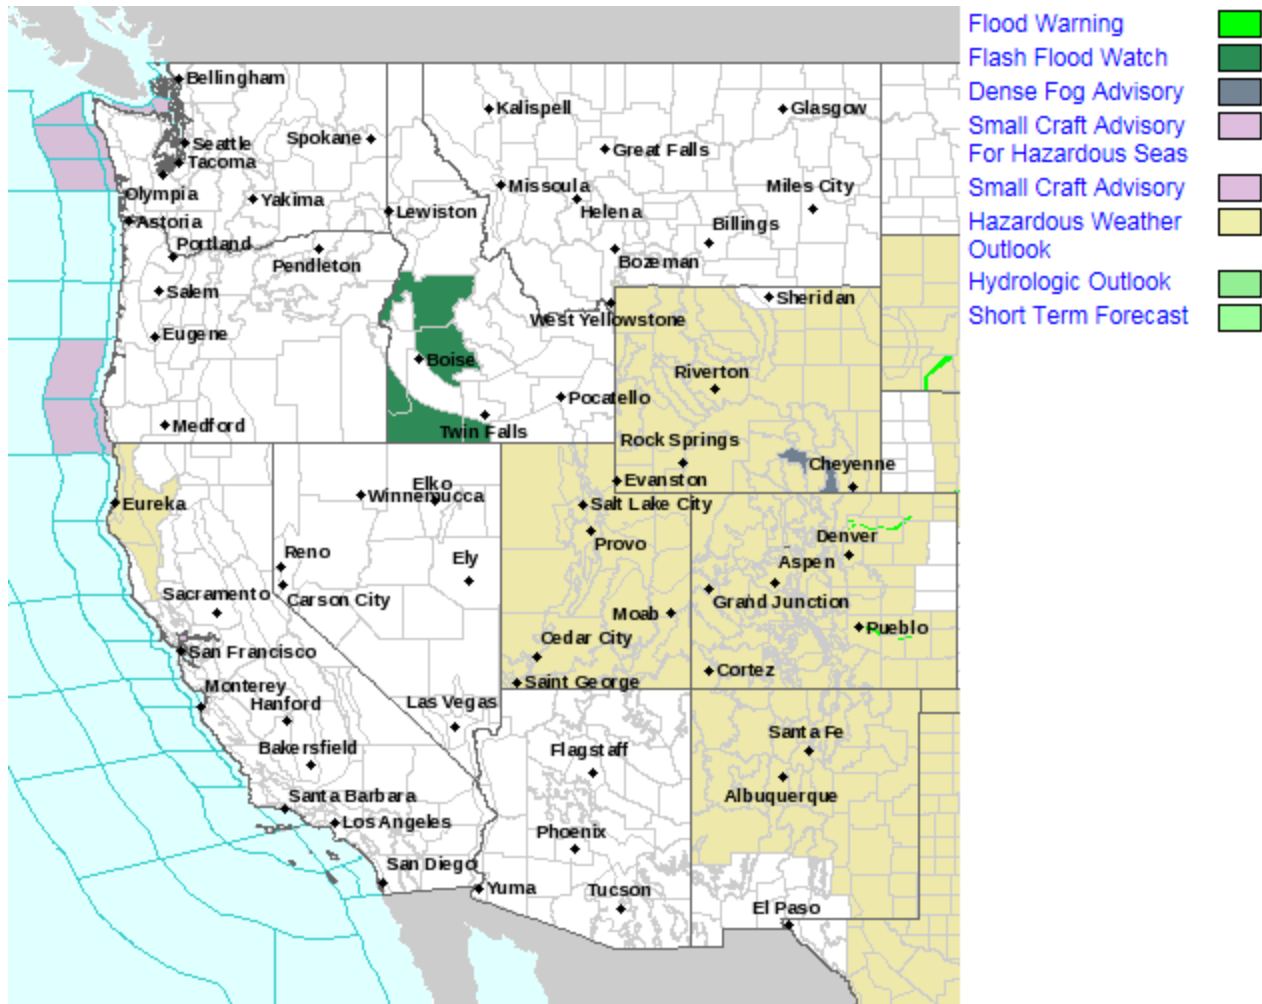

Extreme Southwestern California including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:

Cool weather with a deep marine layer will dominate the weather pattern this coming week. Patchy drizzle is possible tonight in the coastal basin. A low pressure system will move through southern California Thursday night into Friday. It will bring showers along with gusty winds in the mountains and deserts. Cool but dry weather will continue into next week with a healthy marine layer.

Southeast California Weather:

A series of upper level low pressure systems will affect the region through the end of the week, but overall dry conditions will prevail for the lower deserts. This will bring continued cooler than normal temperatures, increased cloud cover, and breezy to locally windy conditions that will last through Friday. A subtle warming trend and dry surface conditions are expected through early next week.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

- The SOC, Inland, Coastal, and Southern REOCs and the Santa Barbara County EOC are activated in support of the Drought State of Emergency and continue to monitor the situation.
- The Governor issued Executive Order B-26-14 on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought, specifically through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- The Governor issued Executive Order B-29-15 on 04/01/15 which announced actions that will save water, increase enforcement to prevent wasteful water use, streamline the state's drought response and invest in new technologies to make California more drought resilient.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.
- Cal OES Recovery continues to coordinate the Community Impacts Workgroup conference calls. Currently, the calls take place on alternating Wednesdays.
- Cal OES Regional (Inland, Coastal, Southern) conference calls continue to occur on a weekly basis.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

Local Emergency Proclamations:

A total of 57 local Emergency Proclamations have been received to date from city, county, and tribal governments, as well as special districts:

- 25 Counties: El Dorado, Fresno, Glenn, Inyo, Humboldt, Kern, Kings, Lake, Madera, Mariposa, Merced, Modoc, Plumas, San Bernardino, San Joaquin, San Luis Obispo, Santa Barbara, Shasta, Siskiyou, Sonoma, Sutter, Trinity, Tulare, Tuolumne, and Yuba.
- 11 Cities: City of Live Oak (Sutter County), City of Lodi (San Joaquin County), City of Montague (Siskiyou County), City of Portola (Plumas County), City of Ripon (San Joaquin County), City of San Juan Bautista (San Benito County), City of Santa Barbara (Santa Barbara County), and City of West Sacramento (Yolo County), City of Willits (Mendocino County), City of Manteca (San Joaquin County), [City of Porterville \(Tulare County\)](#).
- 9 Tribes: Cortina Indian Rancheria (Colusa County), Hoopa Valley Tribe (Humboldt County), Karuk Tribe (Siskiyou/Humboldt Counties), Kashia Band of Pomo Indians of the Stewarts Point Rancheria (Sonoma County), Picayune Rancheria of Chukchansi Indians (Madera County) Sherwood Valley Pomo Indian Tribe (Mendocino County), Tule River Indian Tribe (Tulare County), Yocha Dehe Wintun Nation (Yolo County), and Yurok Tribe (Humboldt County).
- 12 Special Districts: Carpinteria Valley Water District (Santa Barbara County), Goleta Water District (Santa Barbara County), Groveland Community Services District (Tuolumne County), Lake Don Pedro Community Services District (Mariposa Stanislaus County), Mariposa Public Utility District (Mariposa County), Meiners Oaks Water District (Ventura County), Montecito Water District (Santa Barbara County), Mountain House Community Service District (San Joaquin County), Nevada Irrigation District (Nevada County), Placer County Water Agency (Placer County), Tuolumne Utilities District (Tuolumne County), and Twain Harte Community Services District (Tuolumne County).

[CSTI Course Schedule](#)

Who Should Attend

Law enforcement trainers or terrorism investigators who also serve as terrorism instructors should attend this workshop.

Course Description

This course is intended to assist agencies in developing in-house anti-terrorism training capabilities by providing quality instruction and a take-home instructor guide. Participants will receive information on how to present various anti-terrorism topics, including international and domestic terrorism and terrorism indicators. Instruction will also be provided on researching available resources to better prepare an anti-terrorism presentation.

Workshop Schedule

Check-In: 7:30 a.m. – 8:00 a.m., June 24

Training: 8:00 a.m. – 5:00 p.m., June 24
8:00 a.m. – 2:30 p.m., June 25

Sponsored by

- Bureau of Justice Assistance (BJA)

Hosted by

- Los Angeles Fire Department
- Los Angeles School Police Association
- Los Angeles School Police Department
- Western States Information Network® (WSIN)
- United States Attorney's Office, Central District of California

Registration

There is no registration fee. Travel, lodging, and per diem expenses are the responsibility of the attendee. Class size is limited, so please register early to reserve your space. For questions regarding registration, call the Institute for Intergovernmental Research (IIR) at (800) 446-0912, extension 266 or 223. Accommodations will be made for individuals with disabilities as defined by the Americans with Disabilities Act (ADA). Contact IIR for further information.
